## SUMMARY

AI-native growth marketing leader with 15+ years across cybersecurity, AI, robotics, and fintech — seasoned in setting strategy, running the plays, and owning the number. Experienced across the full demand mix, from paid media, channel/partner marketing, and events to marketing operations, ABM, and outbound. Over the last five years, has also owned brand, product marketing, and revenue operations. Experience includes transforming brand and GTM strategy from founder-led beginnings, carrying a company through acquisition (Moogsoft, acquired by Dell), and unifying a global marketing organization (Trustwave). Builds and leads high-performing teams of up to 14, with budgets exceeding \$3.5M, and designs the proprietary AI systems that multiply the output of lean teams.

## PROFESSIONAL EXPERIENCE

### **Anatomy.ai (own consultancy) | Fractional CMO**

2025 – Present • *AI-native go-to-market design, consulting, and fractional support for B2B SaaS companies*

- Built an AI-first GTM consulting practice helping B2B SaaS companies adopt and operationalize AI across their go-to-market teams, with a focus on growth marketing delivered through fractional CMO engagements.
- Engineered a transferable AI-GTM intelligence layer for each client, with purpose-built agents for competitive monitoring, campaign planning, ABM, performance reporting, and more.
- Built demand generation and SDR functions from the ground up for a SaaS client, pairing direct hires with automated outbound, paid search, paid social, webinars, and events. Scaled the database 250% and generated the company's first inbound leads.
- Managed founder and corporate social presence, building the CEO's executive thought-leadership voice and corporate channel, growing LinkedIn following 830% and AI/LLM brand visibility 94%.
- Brought to market a three-product portfolio for a pre-seed embedded-revenue-infrastructure SaaS company, with surrounding launch and GTM programs, from positioning through enablement.
- Built a client's video content strategy and promotion engine from scratch — 23 published assets in the first year, giving prospects a clear view of the product in action.
- Ran the function at a fraction of conventional headcount, with the AI-GTM system carrying work equivalent to a three-person marketing team.

### **Plus One Robotics | Head of Marketing**

2023 – 2025 • *Series C AI-vision & robotics company offering hardware, software, and services for warehouse automation and logistics*  
| Team of 3 • Budget \$1.2M

- Led end-to-end marketing, revenue operations, sales enablement, and sales development.
- Increased partner referrals by 250% after launching a channel route-to-market, transforming the acquisition strategy from founder-led to sales- and marketing-led.
- Formalized the demand generation function, delivering \$4.0M in sourced pipeline (150% to goal) through ABM, paid media, channel marketing, and SDR outreach.
- Partnered cross-functionally with Product, Sales, and Finance to establish scalable GTM frameworks, launch plans, and sales enablement resources, accelerating time to market, product adoption, and partner engagement for InductOne and DepalOne.
- Owned full-stack product marketing across hardware, AI-vision software, and services; developed positioning, messaging, and GTM strategy against defined ideal customer profiles (ICPs).
- Elevated brand and product positioning through thought leadership (written and speaking), analyst engagement, association participation, and over 100 earned media placements in year one.
- Managed over a dozen field and virtual events annually; collaborated with partners to amplify presence through booth placements, after-hours events, speaking sessions, and coordinated social proof efforts.

### **Moogsoft | Senior Director of Marketing**

2022 – 2023 • *VC-backed Series E AIOps platform acquired by Dell Technologies* | Team of 4 • Budget \$1.5M

- Led GTM transformation from product-led growth (PLG) to ABM, delivering over 60% of sourced pipeline.
- Built integrated marketing programs leveraging commissioned research reports and aligned paid media and SDR strategy for conversion rate optimization.
- Owned product marketing strategy, including platform repositioning, messaging architecture, and field enablement through updated collateral and sales tools.
- Strengthened brand credibility with thought leadership content and analyst engagement (Gartner) shaping the AIOps category.

## **Very Good Security (VGS) | Director of Demand Generation**

2021 – 2022 • *Venture-backed Series C fintech and data security company* | Team of 8 • Budget \$2.7M

- Delivered 80% of total pipeline through marketing-sourced programs (both inbound and outbound), achieving a 60% SQL-to-opportunity conversion rate and 40% win rate on marketing-sourced opportunities.
- Partnered with product to launch PLG motion targeting DevOps audiences; leveraged product usage data to optimize conversions of trial-to-paid.
- Raised operational maturity by deploying Marketo, intent data platforms (ZoomInfo, G2), and advanced SFDC capabilities; rebuilt lead scoring and attribution to improve signal tracking, funnel visibility, and campaign performance.

## **Trustwave | Marketing Director, Americas and EMEA**

2019 – 2021 • *Global cybersecurity company with a portfolio spanning MSSP, MDR, security testing, and email security* | Team of 14 • Budget \$3.5M

- Led global demand generation across the Americas and EMEA, owning full-funnel marketing execution.
- Owned GTM strategy across enterprise, SMB, and channel segments, delivering \$9.0M in sourced pipeline through a diversified campaign mix (ABM, digital, field, and partner marketing).
- Transformed global event strategy — including RSA, Black Hat, and Gartner Security & Risk Summit — shifting from traditional sponsorships to immersive, journey-based experiences that increased lead conversion and sales alignment.
- Directed partner and channel marketing efforts, driving 5x total contract value (TCV) growth through integrated programs with Microsoft, Netskope, Palo Alto Networks, and Cybereason.
- Built global reporting infrastructure from rep-level dashboards to executive ROMI insights; instituted KPI tracking, lead processes, and operational standards; delivered board reporting and quarterly business reviews (QBRs).
- Developed and mentored a high-performing team, career-pathing more than six high-potential hires into roles across demand gen, sales, and operations.

## **Telecom Brokerage Inc. (TBI) | Senior Digital Marketing Manager / Marketing Manager**

2014 – 2019 • *Technology services distributor (master agent) specializing in telecommunications, cloud, and managed services* | Team of 3

- Promoted to Senior Manager, leading a team of three and serving on the cross-functional Operational Efficiency Task Force; built the digital marketing and marketing operations functions from the ground up.
- Led a cross-functional team across product, tech, and partner stakeholders to launch a Through-Channel Marketing Automation (TCMA) platform, giving channel partners turnkey, co-branded demand programs at scale.
- Grew inbound leads 500% through content, SEO, and paid programs; implemented HubSpot CMS and launched multiple web properties to support a new demand generation motion.
- Owned product marketing for cybersecurity, SD-WAN, and UCaaS vendors, partnering with vendor and channel teams to bring joint go-to-market programs to market.
- Partnered with product, engineering, and data teams to deliver internal platforms (mobile app, partner portal, intranet), author technical marketing content, and build real-time analytics dashboards in Domo — giving leadership live visibility into marketing KPIs and pipeline.
